NOTE FROM THE EDITOR

Welcome to Tweak Magazine,

The @TwistedTweakNFT community created this art magazine with the intention of sharing the unique art created by artist utilizing crypto technology to distribute, publish, and archive their work. That isn't to say we don't love all art but, we realized that many have no idea where to begin looking amidst the general noise of social media.

We tweaks have been proud to continue sharing the wonderful art being created by artists from all blockchains and are working to find new ways to present the works to those outside of our ecosystem. If that is you then welcome to our zany and expressive world 😊

Thank you for supporting the arts in whatever fashion you do.

-Chumwizards

P.S. Not all art presented is a static image. Artwork titles with an asterisk * are best viewed using the link to the work to get the full experience

THE TWISTED TWEAKS

Tweaks are the digital, artistic representation of many internal struggles humans face. The anxieties and complex emotions that people feel every day should no longer be looked down on, rather accepted and loved because that makes you who you are.

Visit Tweak Labs

Twisted Tweaks are the flagship collection for the Tweak world since 2021. Minting for over 3 years using rewards based airdrops, they are the longest minting 10k PFP collection.

You can receive a new mint by purchasing one on the secondary market.

Twisted Tweaks were created by Tweak Labs, a creative brand building at the edge of innovation in web3, AI, and fashion.

[CULTURE MONKE]

Came for the monke. Stayed for the art.

Glitch blooms in oldcode
Experiments laugh,thenmerge
Monke keeps the thread

What is Culture Monke

Culture Monkeisme gathering the routes my work has taken since I entered web3 in 2021 and letting them live inside one recognizable body. Glitch, texture, code systems, hand-made mess, hard edges, soft accidents - not as separate eras, but as one continuing thread. It is a checkpoint, not a recap. A way to consolidate the experiments, then move forward with a clearer center of gravity.

What about my glitch

People can get weirdly territorial about glitch. If it comes from code, a custom tool, an intentional system, or a controlled break, someone will always say it is not true glitch. That argument misses the point. My work lives in that tension: structure pushed until it fractures, rules built so they can misbehave, clean systems made to produce something unstable. If my glitch does not fit your definition of true glitch, then by definition, it is true glitch.

Why Monke

Because the monke wasthe obvious myth to return to. Many of us entered this space through a character, a signal, a shared joke that somehow became a serious doorway. For Culture Monke, the character holds the canvas close to his heart: part mascot, part witness, part collector, part believer. A consistent figure made sense because the styles are varied. The monke becomes the thread, and the art becomes what he carried us toward.

03 The Turning Point

04 Face to Face

05 Still Here

06 In Silence

07 Past the Horizon

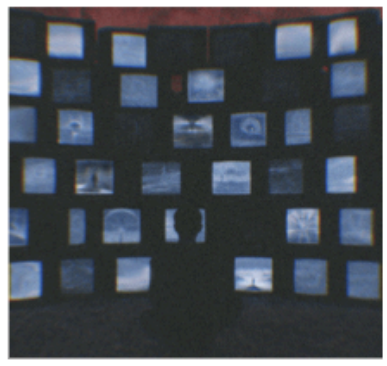

08 What Remained

09 Bloom

10 Looking Back

EVERY JOURNEY BEGINS ALONE. NO JOURNEY ENDS THAT WAY.

ISOLATED is an exploration of self discovery through solitude and the power of connection. It is an exhibition that unfolds over time, where collecting becomes part of the artwork itself.

ABOUT THE EXHIBITION

We often associate Isolation with absence, but for me it became a place of discovery.
ISOLATED was never meant to exist. It came together naturally, and I only realized I was building a collection near the end of the process.
Looking back, I noticed that each artwork wasn't connected by the solitary figure, but by the story they were telling.
We often see solitude as something to escape,when in reality it's something to understand.
Every chapter represents a different stage of that journey from uncertainty and isolation to acceptance and growth.

Through this collection, I invite others to experience or relate to those feelings. I know many artists have gone through them, or are living through them right now.

ISOLATED isn't meant to resonate with everyone, and that's okay.
But at its core, this collection exists to bring people together.
Without the people who choose to take part, it will never be complete.

THE THREE STAGES

01.

THE CHAPTERS

Ten Narrative 1/1 artworks that tell the story of ISOLATED

02.

THE EVOLUTION

The community comes together.Each piece evolves through collective participation and shared energy.Without the community, story cannot reach its final form.

03.

OPEN EDITION

A final edition created so anyone who connectec with the exhibition can become part of its story. This edition exists because of you
